FOUNDRY TRADE JOURNAL
Established 1902

# Index to Volume 85

## *July to December*, 1948

### A

Aachen Foundry Colloquium, 264
A.E.C. Accounts Delayed, 352
A.E.U. Warns against Strikes, 306
A.F.S., The, 25
Allied Ironfounders' Exhibition Train, 338, 417, 500
Allied Ironfounders' Progress, 15
Alloy Steel Castings, B.S. 1458/9, 326
Aluminium Alloy Casting Developments, Part II, 7
Aluminium Alloy Casting Developments (Discussion), 277
Aluminium Casting, Largest in Britain Claimed, 557
Aluminium Castings Company, Limited, Loan Replacement, 240
American Foundry Equipment, Developments in, 509
American Foundry Practice, 627
American Steel Output Record, 333
An Encouraging Start, 453
Anglo-American Agreement on Scrap, 372
Anglo-American Co-operation, 143
Anglo-U.S. Productivity Council, 421
An International Convention, 337
Appleton, Sir E., Danish Award for, 570
Application of Oxygen Enrichment to Side-Blown Converter Practice, 173
Application of Research, 333
Application of the Brinell Test in the Foundry, 3
Application of the Brinell Test in the Foundry (Discussion), 155
Appointment of Mr. F. Scope, 421
Appointment of Mr. E. W. Senior, 426
Argentina Orders British Rails, 333
Argus Foundry, Limited, 58
Association of Bronze and Brass Founders, 86
*Association Technique de Fonderie*, 203
Auction Sales, Ministry of Supply, 466
August Steel Output Record, 304
Australian Iron Deposits, 470
Australian Visitors, 72, 618

### B

Beilby Memorial Awards, 490
Belgian Steel, Special Purchase for U.K., 242
Bell-foundry in Ipswich Closed, 518
Blair, Death of Mr. W. R., 264
Blast Furnaces (British) for South Africa, 116
Blast-furnace Output Record, 257
Board Action Recognises the Importance of Castings, 90

**Book Reviews :**
Analysis of Casting Defects, 26
Anodic Oxidation of Aluminium and its Alloys, 232
Asbestos, its Preparation and Application, 484
Development and Compensation, 484
Development (The) of the Metal Castings Industry, 508
*Die Energiebriefe des Dr. cal Sparfleiss*, 232
Ferrous Materials for the Engineer, 418
Foundry Rhymes, 110
German Foundry Practice, 617
Heat Convection from Finned Tubes, 110
Industrial Directory of Wales and Monmouth, 554
Metal Work, 418
Palmer's Company Guide (36th Edition), 602
La Fonderie des Alliages Legers, 554
*La Pratique des Traitements Thermiques des Metaux Industriels*, 602
Precision Investment Castings, 326
Speed Control of Electric Motors, 232
The Law of the Trade Unions, 110
The Measurement of Fluid Pressure, 232
The Musgrave Pocket Book, 155
The Old Door Knockers of Norwich, 155
The Story of Iron, 484
Statistical Year Book for 1946, 155

Borough Polytechnic, 474
Boulton & Paul, Limited, 40
Brearley, Death of Mr. Harry, 89
Brinell Hardness Reader, 120
British Bathmaking Practice, 129, 136
British Blast Furnaces in the June Quarter, 1948, 134
British Blast Furnaces in the September Quarter, 1948, 540
British Cast Iron Research Association, 435, 461
British Engineers' Association, 572
British Exhibition in Copenhagen, 205
British Industries Fair, Space at Next Year's, 111
British Non-Ferrous Metals Federation, 62
British Ronceray, Limited, 604
**British Standards Institution,** 87, 134, 164, 214, 232, 254, 264, 326, 338, 439, 474
British Steelfounders' Association, Annual Dinner, 560
British Steel, High Quality of, 631

British Wrought Iron Association, 397
Bronze and Brass Founders Association, 86
Bronzes, Foundry, Heat-treatment of, 573, 599
Brush Electrical and Associated British Engineering, 586
Bulk Purchasing, Disastrous Effects of, 40
Bulk Purchasing of Metals, 585
Busman's Holiday, 58

## C

Caddies for York, 312
Calcutta Firms Amalgamate, 421
Cameron & Roberton, 58
**Capital, Increases of,** 44, 159, 208, 352, 592, 614
Cargo Fleet's Modernisation Scheme, 541
Cast Crank-shafts, Fatigue Strength of, 536
Casting of Marine Bronze Propellers, 73, 99
Castings for High Temperatures, 128
Cast-iron Pipes for Hydraulic Power, 232
Cast-iron Scrap in Sweden, 65
**Catalogues, New,** 87, 98, 104, 175, 303, 325, 390, 500, 601
Census of Production and Distribution, 327
C.F.A. Convention Statement, 500
Changes of Name, 15, 68, 89, 137, 157, 240, 349, 494, 636
Chemical Research Laboratory, The, 26
Chrome Ore and Concentrates Prices, 40
Cleaning of Steel Castings, The, 289, 313
Cleaning of Steel Castings, Discussion, 316
Cleaning of Steel Castings, Correspondence, 392, 442
Cleanliness in Foundries, 98
Cloakroom Storage, 390
Clyde Unemployment Report Repudiated, 281
C.M.A. Reorganisation, 159
Cohen's (George) Capital Issue, 348
**Companies, New,** 24, 42, 68, 160, 186, 262, 452, 472, 490
**Company News,** 19, 68, 94, 116, 138, 160, 186, 206, 240, 260, 284, 308, 334, 354, 373, 402, 424, 445, 468, 491, 514, 544, 566, 588, 607, 634
Conference of Plant Engineers, 348
Conference on Foundry Core Bonding, 244, 439
Conference on Management, 97, 98
Congratulations to Mr. J. Bell, 618
*Congres International des Fabrications Mechaniques*, 144
Consett Iron Development, 402
Contact between Management and Workers, 329
Continuous Casting of Steel, 236
Control of Engagement Order, 448
Control of Engagement Order Extended, 586
Control of Iron Castings, 586
Controls in the New Year, 636
Co-operative Research, 404
Core-bonding Conference, 244, 439
Core Carriers and Temporary Storage of Cores, 234
Core Guides, A Note on, 618
Core Moulds for Stainless Steel Castings, 231
Cornish Tin Mining's Future, 157

**Correspondence :**
- Addition of Topaz to Cast Iron, 280
- Carding Machine Castings, 414, 474
- Cleaning of Steel Castings, 392, 442
- Dimensional Tolerances, 367
- Gunmetal Quotations, 22
- Light Alloy Test Bars, 72
- "No Supplies Available", 442
- Pitch-bonded Sand, 572
- Research Finance, 72
- "Sandstorm" Secrets, 572

Council of Ironfoundry Associations, 144, 500
Course in Foundry Management, 288
Craftsmanship for Export Exhibition, 144
Creep Testing, 439
Crittall, (Richard) & Company, 350
Crittall (Richard) Subsidiaries—Liquidators for, 305

## D

Dangerous Competition, 263
Danish Award for Sir E. Appleton, 570
Death of Mr. W. R. Blair, 264
Death of Lord Greenwood, 278
Death of Dr. van der Bijl, 587
Degreasing of Sheets Prior to Enamelling, 235.
"Design at Work" Exhibition, 380
De-sulphurising of Pig Iron, New Ladle methods of, 165. Discussion, 170
Developing U.K. Tin Resources, 180
Development of Scottish Industries, 136
Development of West Midland Industry, 469
Developments in American Foundry Equipment, 509
Die-casting Foundry at H.D.A., 512
*Die Neue Giesserei*, 86
Diesel Rollers Produced in India, 448
Dimensional Tolerances, 287
Distribution of Industry, 444
Donation to South African Branch, 288
Don't be Shy, 311
Douglas (Kingswood), Limited, 423
Do you use your Cost System? 265, 297
Do you use your Cost System? Discussion, 301

## E

Education (Foundry) in Bedford, 280
Education in Lanarkshire, 214
Electricity Load, Industrial, 91
Electro-magnetic Conveyor, 440
Enamelled Holloware Prices, 162
Engineering and Marine Exhibition, 1949, 306
Engineering Mission to Canada, 113, 209
Engineering Unions to meet Employers, 286
Engineering Wages Inquiry, 135
Engineering Wages Award, 306
Engineers Press for Wages Inquiry, 135
Equipment for Welsh Steelworks, 605
E.R.P., Conditions for obtaining Goods, 349
E.R.P., Funds Misuse Alleged by E.C.A., 605
Establishing Efficiency, 473
Exchange Paper System Inaugurated, 98
Exhibitions:—
- Mechanical Handling, 49, 50
- Craftsmanship for Export, 144
- Machine Tool and Engineering, 190, 233
- Copenhagen, 205
- Photographic, 232
- "Design at Work," 380

Exhibits at Olympia, 50
Experiences in operating the Speedmuller, 59
Explanation, An, 25
Export Quotas—B.O.T. Statement, 448
Export Targets for 1948, 443

## F

Facing Sand without Coal Dust, 6
Factories Act (New), Provisions of, 369
Family Affairs, 593
Fatigue Strength of Cast Crank-shafts, 536
Festival of Britain, 1951, 392
Film Strip No. 6, 288
First-class Steerage, 523
Forsterite and Olivine as Foundry Refractories, 535
Forty Years Ago, 12, 152, 214, 406, 428, 572
Foundry Bronzes, Heat-treatment of, 573, 599
Foundry Drying Systems, 619 (Continued Vol. 86, p. 3)
Foundry Education in Bedford, 280
Foundry Management Course, 288
Foundrymen and the Engineer, 533
Foundry Labour, Conditions and Production, 581
Foundry Trades' Equipment and Supplies Association, 417
Foundry Trades' Equipment and Supplies Association, New President, 454
Foundry Training Centre (Midlands), 5, 368
Foundry Training Films, 464
Foundry Worker's Death, 17
French Foundry Congress (22nd) Programme, 203
French Iron and Steel Research, 63
Frustrated Exports, 421
Fuel Factors in Non-ferrous Fabrication, 365
Fundamental Problems in Foundry Planning, 121
Fundamental Problems in Foundry Planning, Discussion, 321
Furnace Equipment, High-Vacuum, 358
Future of Individual Enterprise, 419

## G

Gases in Cast Iron, Residual, 407, 429
Gases in Cast Iron, Residual, Discussion, 432
Gas Porosity in Nickel Silver Castings, 145
Gas Porosity in Nickel Silver Castings, Discussion, 151
Garrett Report, 539
Gazette, 17, 92, 140, 186, 207, 334, 348, 469
General Electric Company Report, 446
German Scrap for Britain, 398
German Steel Scrap, 258
G.K.B. Steel Production Records, 399
Golf Meeting, Institute's, 164, 279, 312, 380
Government's Profit on Geevor Tin, 310
Government's Steel Policy, 488
Greenwood, Death of Lord, 278

## H

Hadfields' Segregation, 305
Hale & Hale's Selling Price, 563
Hale & Hale's Company Meeting, 610
Hammersley, T. A., New President of the F.T.E. & S.A., 454
Harland & Wolff, Limited, 58
H.D.A. New Die-casting Foundry, 512
Head, Wrightson's Record Turnover, 281
Heat-treatment of Foundry Bronzes, 573, 599
High-Vacuum Furnace Equipment, 358
Holidays Affected Steel Production, 184
**House Organs,** 39, 86, 110, 152, 232, 267, 327, 392, 418, 440, 507, 583, 628
Hygienic Cloakroom Storage, 390

## I

Import Licences, Trafficking In, 44
Imports and Exports of Iron and Steel, 16, 112, 256, 330, 422, 564, 632
Incorporated Plant Engineers, 17
Increases in Iron and Steel Prices, 212
Indian Industrial Development, 395
Indian Mission of Sir Ben Lockspeiser, 212
Indian Imports of Metal Products, 89
Industrial Activity in May, 188
Industrial Capacity of Ordnance Factories, 257
Industrial Development in India, 395
Industrial Electricity Load, 91
Industrial Management, 500
Industrial Safety Regulations, 443
Ingot Mould Manufacture, 415
In Retrospect, 1948, 615
Institute of Australian Foundrymen, 454
**Institute of British Foundrymen :**
*Annual Conference, Papers and Discussions:*
No. 898, Nodular Cast Irons, Their Production and Properties, 27, 51, 81, 105.—Discussion, 199, 224
No. 899, A Study of Residual Gases in Cast Iron, 407, 429.—Discussion, 432
No. 900, Plastic Flow in Cast Iron, 455.—Discussion, 485
No. 901, The Maurer Diagram and Its Evolution, and, A New Structural Diagram for Cast Iron, 191, 225, 249. Discussion, 253, 367
No. 902, Steel Castings for Aircraft, 475, 501. Discussion, 505
No. 903, Cleaning of Steel Castings, 289, 313. Discussion, 316. Correspondence, 392, 442
No. 904, Gas Porosity in Nickel Silver Castings, 145. Discussion, 151
No. 905, Aluminium Alloy Casting Developments, Part II, 7. Discussion, 277
No. 906, Refractory Materials in the Foundry Industry, 215. Discussion, 221
No. 907, Problems of Contraction and Distortion in Cast-iron Castings, 343, 381. Appendix, 386. Discussion, 387
No. 908, New Methods of Ladle De-sulphurising Pig Iron, 165. Discussion, 170
No. 909, Bath Making Practice, 129, 136
No. 910, Some Fundamental Problems in Foundry Planning, 121. Discussion, 321
No. 911, Do you use your Cost System? 265, 297. Discussion, 301

No. 912, Metallising in Relation to Foundry Practice, 525, 551. Discussion, 552
No. 913, Application of the Brinell Test in the Foundry, 3. Discussion, 155
Donation to South African Branch, 288
London Conference Fund, 2
Institute Elects New Members, 13, 34, 464, 483
Institute's Golf Meeting, 164, 279, 312, 380
*Notes from the Branches*:—
Birmingham, Coventry, and West Midlands, 603
Birmingham Student's Section, 303
East Midlands—Lincoln Section, 508
Lancashire Branch, A.G.M., 61
London Branch Annual Dinner, 594
London—East Anglian Section, 396
Newcastle-upon-Tyne, 347, 440
South Africa, 223
Wales and Monmouth, 583
Wales and Monmouth—West Wales Section, 380, 508
*Papers and Discussions*:—
Casting of Marine Bronze Propellers, 73, 99
Foundry Drying Systems, 619
Foundry Production Control—Discussion, 35
Facing Sand without Coal Dust, 6
Making a Turbine Casing for Hydro-electric Plant, 359
Repetition Pattern Making, 176
"Standstorm Secrets," Discussion, 531
Solidification of Metals, 245, 273
Solidification of Metals, correction, 406
*Presidential Addresses*:—
Birmingham (Mr. J. Hird), 391
East Anglian Section (Mr. L. W. Sanders), 396
East Midlands (Mr. H. P. Radford), 581
Lincoln Section (Mr. A. Swain), 393
London (Mr. P. D. Pincott), 533
S. W. Wise Memorial Award, 474
Institute of Chemistry, Royal, 601
Institute of Metals, 40th Annual Meeting, 244
Institute of Vitreous Enamellers, 6, 120
Institute of Vitreous Enamellers, Annual General Meeting, 339
Institute of Vitreous Enamellers, An International Convention, 337
Institution of Engineers, Junior, 538
Institution of Production Engineers, 12, 264, 312
Insurance in Connection with Exports, 465
International Congress, Institute of Vitreous Enamellers, 339
International Foundry Congress, 1949, in the Netherlands, 524
International Meehanite, New Licencees, 190
International Nickel Statement, 540
International Scientific Film Congress, 2
International Scientific Film Festival, 272
Ipswich Bellfoundry Closed, 518
Iron and Steel Bill and the Foundry Industry, 427
Iron and Steel Board Dissolved, 371
Iron and Steel Distribution Scheme, 490
Iron and Steel Distribution Scheme Amended, 537
Iron and Steel, Imports and Exports, 16, 112, 256, 330, 422, 564, 632
Iron and Steel Institute, 428
Iron and Steel Prices, Increases in, 212, 237
Iron and Steel Subsidies, 111, 539
Iron and Steel, World Prices, 64
Iron and Steel, World Production, 181
Iron Castings Freed from Control, 537
Iron Deposits in Australia, 470
Ironfounding Statistics, 279
Ironfoundries Report, 539
Iron-ore Production in the Midlands, 398

## J

Jacks, William & Company's Ordinary Shares, 586
Junior Institution of Engineers, 538

## K

Kelly, J. J., Death of, 87

## L

Latest Foundry Statistics, 26, 164, 264, 358, 454
Law Reports, 111, 563
**Leaders:**
A.F.S., The, 25
An Encouraging Start, 453

Moulding and Casting a 5-ton Ingot Mould, 415
Moulding and Core Sand Development, A. 481, 500
Moulding Boxes, Steel, from Standard Section Channel, 234

## N

National Foundry College, 190
National Gas and Oil Engine Company, 114
Nickel Price Increased, 116
Nickel, Record deliveries in 1948, 631
National Union of Manufacturers, 419
Nationalising and Rationalising, 189
National Physical Laboratory, 2
N.E. Coast Engineers, and Shipbuilders, 443
Netherlands International Foundry Congress, 1949, 524
New Publication, A, 329
New Wine in Old Bottles, 244
New Wire-shearing Machine, 561
Nodular Cast Irons, their Production and Properties, 27, 51, 81, 105. Discussion, 199, 224
Non-destructive Testing, 558
Non-ferrous Fabrication, Fuel Factors in, 365
Non-ferrous Metal Prices, 96
Non-ferrous Metals, 24, 48, 70, 96, 118, 142, 162, 188, 212, 242, 262, 286, 310, 336, 356, 378, 404, 426, 452, 472, 498, 522, 548, 570, 592, 614, 636
Non-ferrous Scrap, Metal Prices, 48
Non-ferrous Scrap, Stocks and Sales, 348
Northampton Polytechnic Special Courses, 214
"Nosey Parker", 405
No Steel For Pakistan, 236
Note on Core Grids, 618

## O

Obtaining Goods under E.R.P., 349
Olivine as a Foundry Refractory, 535
"Open House" at Ransomes & Rapier, 26
Orders for Tankers on N.E. Coast, 184
Ordnance Factories' Industrial Capacity, 257
Oxygen Enrichment, 213
Oxygen Enrichment, Application of, to Side-blown Converter Practice, 173

## P

Pageant of Production, 280
Papers for the Annual Conference, 406
Paris Conference, 357
Parliamentary, 331, 466, 494, 516
**Patents, New**, 70, 91, 156, 210, 372, 498
Pattern Boards, Metal Faced, 602
Paying the Piper, 549
Pearlite and Wearing Qualities, 367
Photographic Exhibition, 232
Pig Iron and Steel Production in Great Britain, 14, 88, 204, 328, 420, 630
Pitch-bonded Sand, 481, 500
Pitch-bonded Sand (Correspondence), 572
Plant Engineers' Conference, 348
Plastic Flow in Cast Iron, 455
Plastic Flow in Cast Iron, Discussion, 485
Plastic Patterns for Precision Casting, 555
Pneumoconiosis and Other Risks, 214
Power Cuts for Commerce, 281
Power for Highlands Industries, 352
Precision Casting from Plastic Patterns, 555
Preparation of Cast-iron Microspecimens, 127
Price Increase of Raw and Fabricated Aluminium, Products, 397
Problems of Contraction and Distortion in Cast-iron Castings, 343, 381. Appendix, 386. Discussion, 387
Procuring Scrap from Germany, 15
Production and Distribution Census, 327
Production Engineering Research Association, 120
Provisions of New Factories Act, 369
Publication, A New, 329
**Publications Received**, 39, 87, 172, 223, 254, 302, 338, 414, 418, 465, 487, 536, 598, 629

## Q

Qualcast's Annual Report, 374
Qualcast's Trainee Directors, 584
Quality of British Steel, 631
Quota Controls to Industry, 374

## R

Ransomes & Rapier, "Open House," 26
Ransomes, Sims & Jefferies, Limited, Generating Equipment, 66
Rapier Walking Dragline, 41

Recognition for Long Service, 585
Record Nickel Deliveries in 1948, 631
Refractory Materials in the Foundry Industry, 215. Discussion, 221
Regimentation of Research Records, 1
Regional Control of Engineering, Threat of, 336
Rehabilitation Expenses, 179
Renfrew Foundries' Appointments, 631
Repetition Pattern Making, 176. Discussion, 201
Research, Application of, 333
Research Fellowship in Extraction Metallurgy, 209
Research, Iron and Steel, in France, 63
Residual Gases in Cast Iron, a Study of, 407, 429. Discussion, 432
Review of Progress, 391
Reyrolle, A., & Company, 584
Richardsons Westgarth's Increased Orders 180
Richard, Thomas, and Baldwins' Bank's Holding in, 40
Rising trend of Production Costs, 374
Round Oak Steelworks' Modernisation Scheme, 563
Royal Institute of Chemistry, 601

## S

Safety Regulations, 443
Sand Preparation, 404
"Sandstorm Secrets," Discussion, 531
"Sandstorm Secrets," Correspondence, 572
Sand-testing Equipment, 441
Scientific Film Festival, 272
Scottish Foundry School, 235
Scottish Industries, Development of, 136
